*****TRAFFIC ALERT*****

STATE HIGHWAY ADMINISTRATION TO RESURFACE MD 392 (EAST NEW MARKET-HURLOCK ROAD) IN DORCHESTER COUNTY MONDAY

Motorists Should Expect Traffic Delays During Work Hours

(July 11, 2024) - The Maryland Department of Transportation State Highway Administration will perform a milling and paving project on [MD 392 \(East New Market-Hurlock Road\) from Enterprise Drive to Taylors Avenue](#) on Monday, July 15. Weather permitting, all work should be completed by October.

Motorists can expect single-lane closures throughout the duration of the project. Crews will work weekdays, 7 a.m.-5 p.m.

The State Highway Administration's contractor, George & Lynch of Dover, Delaware, will use arrow boards, cones, and flaggers to safely guide motorists through the work zone. Drivers should expect major traffic impacts with significant delays during work hours. The State Highway Administration works hard to maintain safe traffic mobility in work zones for our crews as well as our customers. Drivers need to stay alert, focus on driving, and look for reduced speed limits as well as other traffic pattern changes. Hot asphalt may require up to two hours to cool before drivers and pedestrians can safely cross the new road surface. Motorcyclists are urged to be aware of uneven pavement surfaces during the project.

For a list of all major State Highway Administration projects, visit [Project Portal](#) or the homepage at roads.maryland.gov. For a look at real-time traffic conditions, go to md511.maryland.gov.
